

Pediatric First Aid CPR AED Part 1 Online

Online

Specifically designed to meet regulatory requirements for child care workers throughout the United States, the American Heart Association's Heartsaver Pediatric First Aid CPR AED Online Course offers the ideal training solution for the child care industry and others requiring a course completion card in pediatric first aid, CPR and AED.

This blended learning course contains information on how to respond to and manage illnesses and injuries in a child or infant in the first few minutes until professional help arrives. This course provides a one-stop shop for pediatric first aid, CPR and AED training needs for child care providers.

Completion of the full course includes Part 1 online, plus a skills practice and testing session (Parts 2 and 3) with an AHA Instructor. Upon successful completion of all three parts, students receive a Heartsaver Pediatric First Aid CPR AED course completion card, valid for two years.

Course Covers

- The most current science from the *2010 AHA Guidelines for CPR and Emergency Cardiovascular Care*, including the 2010 AHA and American Red Cross Guidelines for First Aid
- Pediatric first aid basics
 - ~ Illnesses and injuries (topics include but are not limited to)
 - Bleeding and bandaging; Allergic reactions; How to use an epinephrine pen; Asthma; Burns; Poisoning
- Prevention
 - ~ Prevent, Be Safe, Phone 911 and Act
 - ~ Child and infant safety checklist
- CPR, AED and choking
